LAS VEGAS, Aug. 31, 2016 /PRNewswire/ -- Mohegan Sun is the first casino destination resort in North America to offer their players the Scientific Games Corporation ("Scientific Games" or "the Company") (NASDAQ: SGMS) *Stadium Blackjack* game on the Company's *Fusion Hybrid* electronic table system. Scientific Games' *Fusion Hybrid* system connects four live-dealt games to Mohegan Sun's two on-property casinos in Uncasville, Conn.

Stadium Blackjack on the Fusion Hybrid increases the player's excitement by allowing them to play multiple tables from one location or seat. The game features shared starting hands for all players, followed by independent decision-making by each player as the hand progresses.

Casino patrons in Mohegan Sun's Casino of the Sky and the Casino of the Earth can play two Stadium Blackjack games as well as roulette and baccarat on the *Fusion Hybrid* system on one of 61 seats at the casino resort. Mohegan Sun's 119,000-square-foot Casino of the Sky houses the two *Stadium Blackjack* podiums surrounded by a 41-seat, stadium-configured setup. The remaining 20 seats are centered on two podiums inside the 180,000-square-foot Casino of the Earth and features roulette and *Dragon Bonus*® Baccarat. All four games can be played concurrently and on any of the terminals.

Scientific Games' *Fusion Hybrid* is a terminal-based system that connects players to live baccarat, roulette and sic bo games, as well as the new *Stadium Blackjack* title. *Fusion Hybrid* is suitable for both stadium-style and smaller environment configurations. The system enables modular, configurable floor layout options and comes with a variety of exciting terminal lighting color options, as well as cameras at each live table display and player touch-screen interfaces. Betting timers are configurable for each of up to four games of concurrent play, providing a truly customizable experience.

Mohegan Sun's Director of Table Games Don Bowen said, "We are very proud to be the first casino in North America to offer *Stadium Blackjack* on the *Fusion Hybrid*. Our players are very excited about the game, as well as the ability to play baccarat and roulette on the same unit

while making their blackjack decisions. Our regular roulette and baccarat players are enjoying the variety as well; being able to wager on several games at once is a new and innovative way to game, and our players love it."

*Stadium Blackjack* on the *Fusion Hybrid* is the Mohegan Sun's preferred method for dealing low-limit blackjack, because it increases the player's excitement by allowing them to play multiple tables from one location or seat. The game features shared starting hands for all players, followed by independent decision-making by each player as the hand progresses.

"Mohegan Sun has been a great partner in launching *Stadium Blackjack* on the *Fusion Hybrid* and our complete suite of titles across their expansive casino floor," said Derik Mooberry, Scientific Games' Group Chief Executive of Gaming. "We've really enjoyed teaming up to bring Mohegan Sun's enthusiastic players the innovative, compelling game content Scientific Games is known to provide casino operators across the globe."

**Forward Looking Statements**

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements describe future expectations, plans, results or strategies and can often be identified by the use of terminology such as "may," "will," "estimate," "intend," "plan," "continue," "believe," "expect," "anticipate," "target," "should," "could," "potential," "opportunity," "goal," or similar terminology. These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including, among other things: competition; U.S. and international economic and industry conditions, including declines in or slow growth of gross gaming revenues or lottery retail sales, reductions in or constraints on capital spending by gaming or lottery operators and bankruptcies of, or credit risk relating to, customers; limited growth from new gaming jurisdictions, declines in the replacement cycle of existing gaming machines and slow addition of casinos in existing jurisdictions; ownership changes and consolidation in the gaming industry, including by casino operators; opposition to legalized gaming or the expansion thereof; inability to adapt to, and offer products that keep pace with, evolving technology; inability to develop successful gaming concepts and content; laws and government regulations, including those relating to gaming licenses and environmental laws; inability to identify and capitalize on trends and changes in the gaming, lottery and interactive industries; dependence upon key providers in our social gaming business; inability to retain or renew, or unfavorable revisions of, existing contracts, and the inability to enter into new contracts; level of our indebtedness, higher interest rates, availability or adequacy of cash flows and liquidity to satisfy indebtedness, other obligations or future cash needs; inability to reduce or refinance our indebtedness; restrictions and covenants in our debt agreements, including those that could result in acceleration of the maturity of our indebtedness; protection of our intellectual property, inability to license third party intellectual property, and the intellectual property rights of others; security and integrity of our software and systems and reliance on or failures in our information technology systems; natural events that disrupt our operations or

those of our customers, suppliers or regulators; inability to benefit from, and risks associated with, strategic equity investments and relationships, including (i) the inability of our joint venture to realize the anticipated benefits under its private management agreement with the Illinois lottery or from the disentanglement services performed in connection with the termination thereof, (ii) the inability of our joint venture to meet the net income targets or other requirements under its agreement to provide marketing and sales services to the New Jersey Lottery or otherwise to realize the anticipated benefits under such agreement and (iii) failure to realize the anticipated benefits related to the award to our consortium of an instant lottery game concession in Greece; failure to achieve the intended benefits of the Bally acquisition or the WMS acquisition, other recent acquisitions, or future acquisitions, including due to the inability to successfully integrate such acquisitions or realize synergies in the anticipated amounts or within the contemplated time frames or cost expectations, or at all; disruption of our current plans and operations in connection with our recent acquisitions (including in connection with the integration of Bally and WMS), including departure of key personnel or inability to recruit additional qualified personnel or maintain relationships with customers, suppliers or other third parties; costs, charges and expenses relating to the Bally acquisition and the WMS acquisition; incurrence of employee termination or restructuring costs, and impairment or asset write-down charges; changes in estimates or judgments related to our impairment analysis of goodwill or other intangible assets; implementation of complex revenue recognition standards; fluctuations in our results due to seasonality and other factors; dependence on suppliers and manufacturers; risks relating to foreign operations, including fluctuations in foreign currency exchange rates and restrictions on the payment of dividends from earnings, restrictions on the import of products and financial instability, including the potential impact to our instant lottery game concession or VLT lease arrangements resulting from the recent economic and political conditions in Greece; dependence on our key employees; litigation and other liabilities relating to our business, including litigation and liabilities relating to our contracts and licenses, our products and systems, our employees (including labor disputes), intellectual property and our strategic relationships; influence of certain stockholders; and stock price volatility.

Additional information regarding risks, uncertainties and other factors that could cause actual results to differ materially from those contemplated in forward-looking statements is included from time to time in our filings with the SEC, including the Company's current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on February 29, 2016 (including under the headings "Forward Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for

Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
