LAS VEGAS and MACAU, May 15, 2016 /PRNewswire/ -- Scientific Games Corporation (NASDAQ: SGMS) ("Scientific Games" or "the Company") will showcase the industry's most robust range of solutions for casino operators May 17-19 at G2E Asia in stand no. 1005 at The Venetian Macao.

The Da Fu Da Gui link launches on the player-favorite Pro Wave(R) cabinet and is already an outstanding success throughout the Philippines, Malaysia, Saipan, and Asian Cruise Ships markets.

Gavin Isaacs, Scientific Games President and Chief Executive Officer, said, "We're excited to celebrate G2E Asia's 10<sup>th</sup> anniversary with an unrivaled display highlighting the industry's broadest portfolio for the Asia-Pacific market. We have invested extensively in market-specific innovation that drives play and delivers operating efficiencies across games, table products, and interactive solutions."

Scientific Games' diverse G2E Asia product range includes innovations in all categories.

### **Engaging New Platform and Slot Games Deliver Progressive Excitement**

Scientific Games' new *Dualos*<sup>™</sup> cabinet makes its G2E Asia debut. Featuring dual 23-inch high-definition screens, superior sound, integrated ambient lighting and a 18.5 in digital topper, Dualos supports a rich library of *Bally*<sup>®</sup>, *Shuffle Master*<sup>®</sup> and *WMS*<sup>®</sup> content.

At G2E Asia, Scientific Games will demonstrate its commitment to market-specific product development with an array of slots developed by the Company's Asia-Pacific game-development team specifically for the Asia market. This rich content library, much of which features symbols and graphics that resonate with Asian players, includes an expansive range of standalone *SUPER Series* games, progressive jackpot *VIP Series* themes, and the *Duo Fu Duo Cai*<sup>®</sup>, *Da Fu Da Gui*<sup>™</sup> and *Jackpot Vault*<sup>®</sup> families.

Making its debut at G2E Asia with the new *Dualos* cabinet is *Lock It Link*™, a two-level progressive jackpot featured on two introductory games: *Bright Lights*™ and *Girl's Best Friend*™. These games offer players a host of features, including a fixed-lines game, a two-level progressive jackpot, two fixed jackpots and the chance to win huge credit payouts- combined with a highly engaging *Lock It Link Heart* respin.

The *Da Fu Da Gui* link launches with *Rich Traditions*® and *Jade Eternity*™ on the player-favorite *Pro Wave*® cabinet and is already an outstanding success throughout the Philippines, Malaysia, Saipan, and Asian Cruise Ships markets.

### **Industry Leading Table Solutions Add Energy to the Asian Casino Pit**

Scientific Games will demonstrate its leadership, innovation and robust intellectual property portfolio in global multi-gaming tables and other advancements for the casino pit. Among those taking center stage at G2E Asia are:

- **New proprietary table games** including *Flushes Gone Wild*™, an award-winning game featuring the longest flush winner; *Two for the Show*™ featuring best-two poker hand wins; and *Jackpot Baccarat*, offering frequently hitting jackpots and an impressive tri-sided sign to enhance player participation.
- Exciting new products in **Electronic Table Systems** featuring both live dealer and virtual dealer options, including Baccarat on the *Fusion*™ *Virtual Multigame*, live Baccarat on the *Fusion Hybrid*, and the immersive new *Fusion Vibe*™ player experience on the *Fusion Hybrid*.
- **A new option for Roulette** – *Roulette U-Spin*® – in which players activate the spin of the ball themselves, adding more interaction and excitement to the game.

Isaacs said, "Our innovation in the table games segment is world renowned. Casino operators around the globe can rest assured that we are committed to supporting our customers' investments in our electronic table games and high-performing systems."

### **Broad Systems Portfolio Increases Operating Efficiencies, Engages Players**

Scientific Games' wide range of systems solutions on display at G2E Asia create floor-wide anticipation and excitement to drive return visitation. Along with the *SDS™* slot accounting and player-tracking system, Scientific Games will offer live demonstrations of its *Elite Bonusing Suite™* ("EBS"), which features 12 applications to automate existing promotions and player-loyalty programs through *iVIEW®* Display Manager ("DM") on-device messaging technology.

Capitalizing on the popularity of progressive jackpots in the Asian market, Scientific Games highlights the *Bally™ Enterprise Progressive System* ("BEPS"), a powerful solution to configure, manage, and audit progressives from a central location – on any casino management system.

Senior Vice President and Managing Director Ken Jolly said, "Every year we step it up at G2E Asia and 2016 is no exception. We've got our new *Dualos* cabinet that brings together technology from *Bally*, *Shuffle Master*, and *WMS* to create a best-of-breed slot cabinet. Systems this year are focused on demonstrating all the tools available to drive player excitement and commitment as more casino floors in Asia cater to the dynamically growing mass market, as seen in Macau and elsewhere throughout the region. The entertainment, security, creative content, and innovative technology we bring to the market will help to increase repeat play and add excitement across the casino floor."

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements describe future expectations, plans, results or strategies and can often be identified by the use of terminology such as "may," "will," "estimate," "intend," "plan," "continue," "believe," "expect," "anticipate," "target," "should," "could," "potential," "opportunity," "goal," or similar terminology. These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including, among other things: competition; U.S. and international economic and industry conditions, including declines in or slow growth of gross gaming revenues or lottery retail sales, reductions in or constraints on capital spending by gaming or lottery operators and bankruptcies of, or credit risk relating to, customers; limited growth from new gaming jurisdictions, declines in the replacement cycle of existing gaming machines and slow addition of casinos in existing jurisdictions; ownership changes and consolidation in the gaming industry, including by casino operators; opposition to legalized gaming or the expansion thereof; inability to adapt to, and offer products that keep pace with, evolving technology; inability to develop successful gaming concepts and content; laws and government regulations, including those relating to gaming licenses and environmental laws; inability to identify and capitalize on trends and changes in the gaming, lottery and interactive industries; dependence upon key providers in our social gaming business; inability to retain or renew, or unfavorable revisions of, existing contracts, and the inability to enter into new contracts; level of our indebtedness, higher interest rates, availability or adequacy of cash flows and liquidity to satisfy indebtedness, other obligations or future cash needs; inability to reduce or refinance our indebtedness; restrictions and covenants in our debt agreements, including those that could result in acceleration of the maturity of our indebtedness; protection of our intellectual property, inability to license third party intellectual property, and the intellectual property rights of others; security and integrity of our software and systems and reliance on or failures in our information technology systems; natural events that disrupt our operations or those of our customers, suppliers or regulators; inability to benefit from, and risks associated with, strategic equity investments and relationships, including (i) the inability of our joint venture to realize the anticipated benefits under its private management agreement with the

Illinois lottery or from the disentanglement services performed in connection with the termination thereof, (ii) the inability of our joint venture to meet the net income targets or other requirements under its agreement to provide marketing and sales services to the New Jersey Lottery or otherwise to realize the anticipated benefits under such agreement and (iii) failure to realize the anticipated benefits related to the award to our consortium of an instant lottery game concession in Greece; failure to achieve the intended benefits of the Bally acquisition or the WMS acquisition, other recent acquisitions, or future acquisitions, including due to the inability to successfully integrate such acquisitions or realize synergies in the anticipated amounts or within the contemplated time frames or cost expectations, or at all; disruption of our current plans and operations in connection with our recent acquisitions (including in connection with the integration of Bally and WMS), including departure of key personnel or inability to recruit additional qualified personnel or maintain relationships with customers, suppliers or other third parties; costs, charges and expenses relating to the Bally acquisition and the WMS acquisition; incurrence of employee termination or restructuring costs, and impairment or asset write-down charges; changes in estimates or judgments related to our impairment analysis of goodwill or other intangible assets; implementation of complex revenue recognition standards; fluctuations in our results due to seasonality and other factors; dependence on suppliers and manufacturers; risks relating to foreign operations, including fluctuations in foreign currency exchange rates and restrictions on the payment of dividends from earnings, restrictions on the import of products and financial instability, including the potential impact to our instant lottery game concession or VLT lease arrangements resulting from the recent economic and political conditions in Greece; dependence on our key employees; litigation and other liabilities relating to our business, including litigation and liabilities relating to our contracts and licenses, our products and systems, our employees (including labor disputes), intellectual property and our strategic relationships; influence of certain stockholders; and stock price volatility.

Additional information regarding risks, uncertainties and other factors that could cause actual results to differ materially from those contemplated in forward-looking statements is included from time to time in our filings with the SEC, including the Company's current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on February 29, 2016 (including under the headings "Forward Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
